## THE SAGUARO PALM SPRINGS

*California, US*

This punch of technicolor, located under the eternally blue skies of Palm Springs, is like checking into a rainbow. The façade is decked out in stripy candy shades and each functional, vibrant room has a balcony from which to admire the San Jacinto Mountains. Feast on Mexican small plates at the hip tequila-sloshed saloon El Jefe, before gravitating towards the party-perfect palm-lined pool.

*Insider tip:* Jose Garces' nearby Basque-inspired restaurant Tinto is the hottest ticket in town. *From \$90; [jdvhotels.com](http://jdvhotels.com)*
