The Saguaro

Does The Saguaro's rainbow exterior ever get old? Does it never not give off sunny, happy vacation-feels? Not for us. We could lay in one of those orange poolside loungers and stare at the rainbow rooms all weekend long. It's also one of the best places to score mid-week deals in the high season. Also sort of underrated but very worth a visit: El Jefe, the Mexico City-inspired taqueria off the lobby.
